

Automated time, attendance, and employee scheduling

Unlock better bottom lines, more productive and happier teams, and new peace of mind.

Benefits

- **Control costs and improve your bottom line by eliminating** payroll and scheduling errors, time theft, unnecessary overtime, and time lost to inefficient processes.
- **Offer standout flexibility and empowerment** with easy time collection, configured shift trading, and 24/7 self-service access to schedules, accruals, and leave requests.
- **Take the guesswork out of scheduling** with AI-powered forecasting to know exactly how to staff, and then auto-fill schedules with just a few clicks.
- **Drive efficient business processes** to reduce payroll effort by up to 85% and reduce time spent on scheduling by up to 75%.^{1,2}
- **Adhere to labor laws, union rules, and internal policies** with our compliance rules engines.
- **Match your unique complexities** and configure our flexible tools to match your requirements—our software conforms to you, not the other way around.

Automated solutions for your team

Dynamic employee scheduling

AI-powered forecasting, automated scheduling, and a top-rated mobile app that employees love

Automated time and attendance

Accurate calculations across nuanced payroll rules, highly flexible time collection, and robust leave management

What our customers are saying

We needed a solution that would let us view all of the shops' schedules at once and utilize our employees on a global scale.

Michael Cobb | Food Systems Supervisor, Dollywood Family Amusement Park

The ability to see available resources across multiple business units allows us to reduce overhead and service our clients more productively. The mobile app is also a great resource for our field technicians.

Matthew R. | G2 Reviews

Escape the time integrity trap

When you're in the trap, people aren't scheduled or paid correctly, inaccuracies drain budgets, inefficiencies kill productivity, and workers burn out. There's a better way. **Reach out to learn more.**
