

TCP's Solution for Higher Education Workforce Management

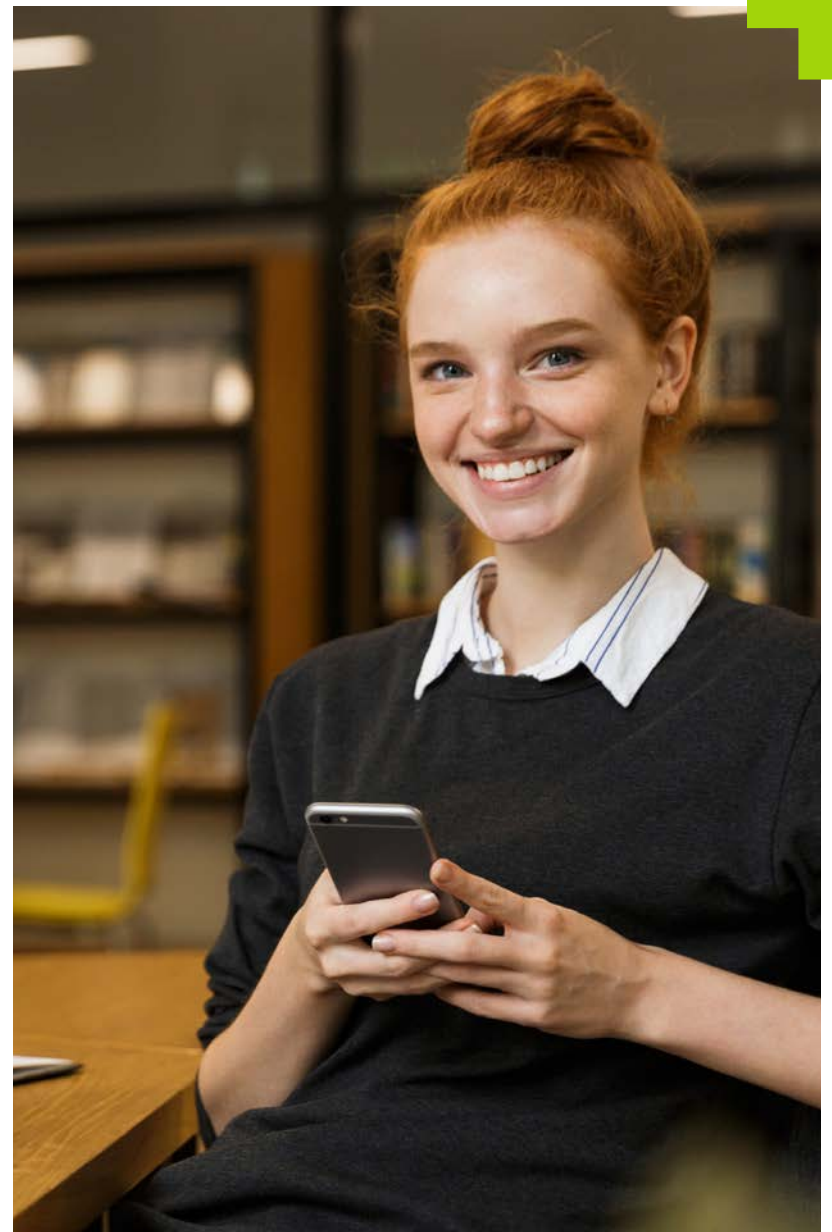

We Understand Your Challenges...

Universities and colleges face a lot of challenges day-to-day that affect overall efficiency as well as individual and institutional success.

Functionality That Meets Your Needs

Over the years, TCP has worked with higher education institutions across the country to develop a solution that can meet a variety of needs. Our diverse scheduling portfolio includes a basic scheduling component for workers with consistent shifts, an advanced scheduling tool built specifically for police departments and TCP's Humanity Scheduling capabilities for all your student workers' needs. With TCP you can deploy a single system that can:

- Integrate with ERP and HCM solutions such as Workday, Peoplesoft and Ellucian Banner/Colleague
- Meet the complex scheduling needs of all your departments
- Provide accessibility directly to your employees' pockets with mobile apps
- Utilize your existing faculty and student ID badges
- Manage facility access with time clocks that control building doors
- Streamline the leave management process for both faculty and staff

BUSINESS ANALYST

How can I be sure our institution is not losing efficiency by adding another solution?

Integrate with Your Existing Solutions

Our solutions integrate with your current ERP or HCM system to deploy technologies optimal for your needs without sacrificing efficiency. Collect time and attendance data and pass it along seamlessly to your enterprise solutions to ensure all your data can be managed and reported on effectively.

BUSINESS ANALYSTS

How do I find a single solution to handle employees that have vastly different scheduling needs?

Schedule Effectively for All Your Employees

Whether you need a scheduling tool that can handle the unique complexities of your campus police department or a solution that takes your student workers' availability and restrictions into account, TCP's scheduling solutions can manage it all.

DEPARTMENT HEADS

How do I make day-to-day operations easy, secure and stress-free?

Deploy an Accessible Solution for Your Workforce

Take advantage of modern, dynamic technology and deploy a solution to your employees' mobile devices. With no implementation hassle, your workforce can access the solution with a few simple touches.

BUSINESS ANALYST

What can I do to ensure security and ease-of-use?

Take Advantage of the Technology You Already Use

Ensure your facilities' security without extra hassle by using badge-reading time clocks that can scan your faculty, staff and student IDs. By using components regularly used by all employees you simplify implementation and make it easy for users to integrate into the day-to-day. Manage secure access with a single clock and a constantly updated list of approved access.

HR

How do I find a leave management system that works for all my different employee types?

Enhance Leave Management with a Flexible Solution

Utilize a solution that can manage the varying policies for faculty and staff from a single interface. TCP's flexible leave management capabilities accommodate any of the diverse needs of a higher ed institution.
